##### ***Prologue - Front of Tabs***

(Special FX - Flash bang DSR)

(Enter Fairy DSR)

**(On the entrance of the Fairy, Tabs open, with a Forest Gauze, if available, behind which can be back lit for the following sequence)**

**Fairy:** Ah! Welcome back, please take your seats  
You've had your ice cream and your sweets.  
For those who slept right through Act One,  
I'll just remind you what's been done.  
Aladdin's escaped the treasure cave  
He's off right now, his love to save...

**(Audience reaction builds to fever pitch)**

Not Aladdin? Cinderella, is it?  
Is this my Godmotherly visit?  
Oh, I see now, the deep dark wood  
I must be back with Robin Hood!

**(During these lines, if possible, spots behind the gauze can light up each character in a suitable pose when mentioned)**

The Sheriff has a lust for money  
He's raising taxes, it's just not funny.  
But fighting him's a man who's good,  
The fearless outlaw, Robin Hood.  
The Sheriff's hired a rotten pair  
To give our Babes more than a scare.  
But when they reached the woods at night  
The Babes gave them a dreadful fright  
Block and Tackle ran scared away  
The Babes lay down to sleep till day.  
The outlaw band looks high and low,  
But where did the Nurse and Marion go?  
The Sheriff, hunting outlaw game  
Has seized both Marion and the Dame  
They're held back in the castle now  
Can Robin save them? Yes! But how?  
I'm all rhymed out now, let's get on  
The Second Act has just begun  
The Babes sleep on in their small clearing,  
But look, the outlaw band is nearing.
